- Math Box

## **MARK INDUSTRIES**

We have accumulated experience of over 23 years in production of writing instruments, which has enabled us to develop a comprehensive range of products. During this tenure, we have developed and produced different writing instruments.

We started off this voyage with Fine Liner and now have a wide variety of writing instruments in our ship. Over the last decade, we have acquired competence in the pencil industry. Today, we are capable of producing several types of pencils, with numerous quality variants. We have strived to develop our well-known brand "Mercury" over the course of the last 23 years. However, for our respected customers, we can also conduct OEM Business.
